Application for New Commercial Utility Accounts

All new accounts will be next day service and will occur between 7 AM and 4 PM. If the water is turned off the owner or employee of the business must be present before the City of Broken Arrow will turn on the water. An AM appointment is 7 AM to 12 noon and a PM appointment is 12 noon to 4 PM. A person of legal age must sign a release form confirming everything is operable in the building before the City employee will leave the water service turned on. A deposit is required to start service and is do in advance of starting service.

Deposit is due in advance of starting service.

SEWER RATES: Commercial customers may elect to be billed based on their actual water usage or set at 9,100 gallons until their calculated winter sewer average. Once an election is made, it will remain in effect until a change is initiated by the customer. Each election will be effective a minimum of twelve months.

CAUTION

The summer months are historically high water usage periods. A selection of actual monthly usage during and prior to this time could increase the monthly sewer charges. Many customers increase their water consumption during the summer due to outside watering such as sprinkler systems, should this apply. A signed authorization for the actual water usage option must be on file with the city in order to initiate the actual usage option.

Select One: 9,100: _____ Actual Usage _____

(If calculated average is selected 9,100 gallons will be used until average is established based on consumption as shown on January, February and March utility bills.)
