Re: Southwest Park Naming Survey

Exciting news! The communications team, working with Engineering & Construction, created an online survey to gather community input on a name for the new park in southwest BA.

The survey will launch Tuesday and run for a month. Please help us spread the word!
www.BrokenArrowOK.gov/Survey

Survey Introduction:

“The City of Broken Arrow, through the Southwest Park Citizens Advisory Committee is seeking suggestions for names for the planned park to be located behind Aspen Creek Elementary.

The plan for this park is to be a focal point for South BA, and the Committee would like the name to reflect that.

This survey will provide valuable input as we move forward in the naming process. This survey will be available through Oct. 5, 2020.”

Tactical change coming to Broken Arrow's New Orleans Square

Revitalization effort underway in south BA / Overnight detour Sept. 3

New Orleans Square, the intersection at Elm Place and New Orleans Ave., is getting a facelift overnight.

The intersection, also known as S. 161st E. Ave. and E. 101st St. S., will be closed for 12 hours from Thursday, Sept. 3 at 8 p.m., until Friday, Sept. 4 at 8 a.m., for the first installation of the City's Tactical Urbanism plan.

"We will be painting the crosswalks with vibrant colors at the intersection, installing an art photo opportunity, benches, landscaping, and new signage to show off the New Orleans Square name," said Broken Arrow Director of Community Development Larry Curtis.

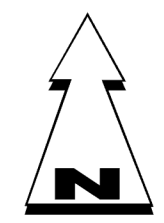

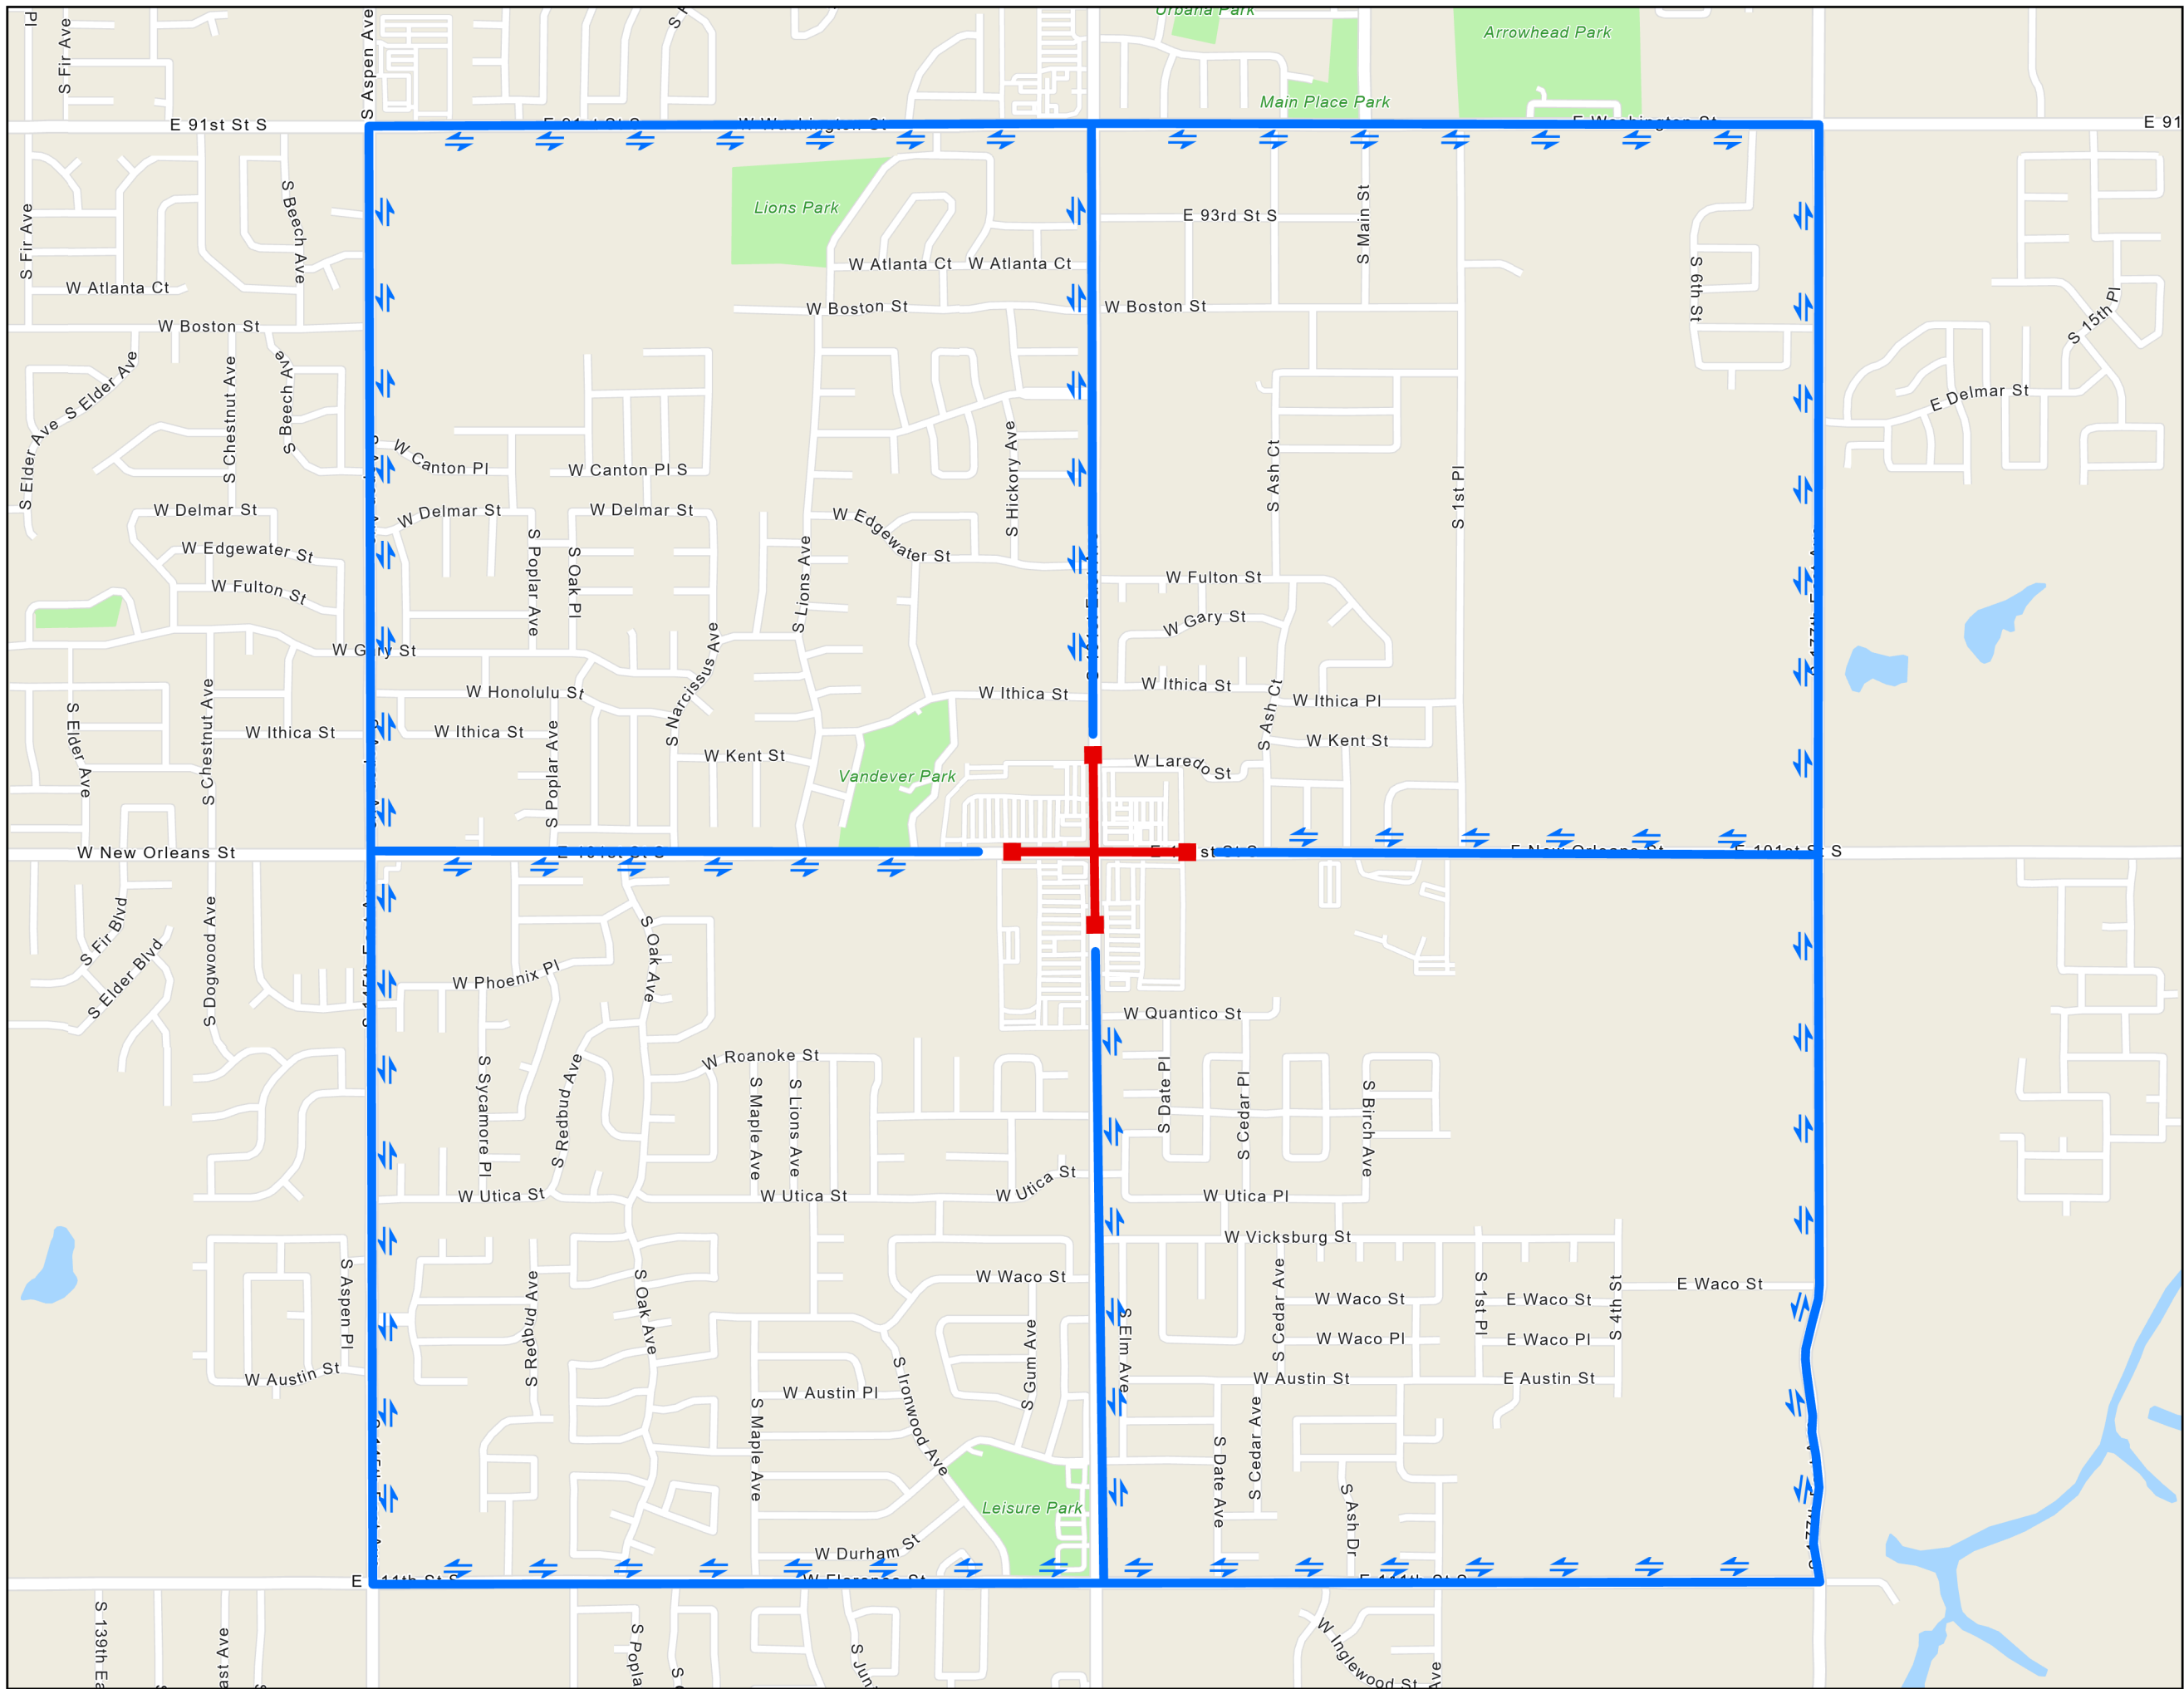

The Broken Arrow City Council voted to rename the area New Orleans Square after seeking naming recommendations from the community. According to Curtis, the new signage will serve to let people know this is an area that is developing.

"This is the first installation, and we hope to have additional installations every quarter," Curtis said.

The intersection work will be complete within 12 hours, weather permitting, while the remainder of the project is to be complete before Saturday.

This Tactical Urbanism project is a part of the plan presented to the City Council Sept. 1 by the Small Area Committee for Elm and New Orleans. The committee has been working together for a year to find innovative ways to stimulate interest in the 100-acre area.

"Hopefully, the whole area will be rejuvenated in the coming year or two and beyond that," City of Broken Arrow Placemaking Manager Farhad Daroga said. "There are many other wonderful projects yet to come."
