WELCOME

Honorable Mayor and City Councilmembers,

I hope you enjoy this first edition of the monthly City Manager's Report, our newest transparency tool. Within these pages you will find short yet informative updates from each of our respective city departments.

As you are well aware, June was a very productive month for the City of Broken Arrow! I'd like to thank you for your time, effort and support on approving and adopting the FY 22 Budget. City staff is excited and ready for a busy year ahead with several projects and initiatives focusing on maintaining and expanding upon the great quality of life our citizens have come to expect here in Broken Arrow.

The month of June was also filled with hard work in all departments as the temperatures rise and the city bustles with activity. Our City operations departments are constantly and consistently working on infrastructure maintenance and improvements. Many of us spent much of June on budget preparation and adoption, working out details for the new TIF District, and projects focused on the development of New Orleans Square. By the time you read this, we will have just held the New Orleans Square Block Party and brand reveal. I hope you all had a good time at this amazing event!

We're excited for the upcoming ribbon cutting ceremonies for Fire Station #3 and the new Broken Arrow Veterans Center and looking forward to seeing and reviewing results from our Trolley Survey.

Don't forget, the annual employee appreciation event will be held on July 8 at Central Park from 11-2. We hope to see you there!

Respectfully,
Michael Spurgeon

 - March - 136
- Stand-by Call (After Hours Calls)
 - May - 6
 - April - 5
 - March - 6

SOLID WASTE & RECYCLING

Director: Jerry Schuber

Solid Waste

- March 2021 - 3,389 tons of waste collected
- April 2021 - 3,805 tons of waste collected
- In 2020, the same two months collection of waste was 11% higher (likely due to the pandemic lockdown)

Recycling

- In 2020 BA had a great start to a new program with 1391 tons of recycling being diverted away from WTE/Landfill.
- In 2021 BA was well on its way to a 5,000-ton year of recycling diversion with 1,174 tons prior to the unfortunate fire incident at TRT (Tulsa Recycle and Transfer Facility).
- SW&R continues to work with our partners with the City of Tulsa, The M.e.t., Closed Loop, and TRT to re-establish our recycling program with a brand-new high-tech Material Recovery Center (MRF).

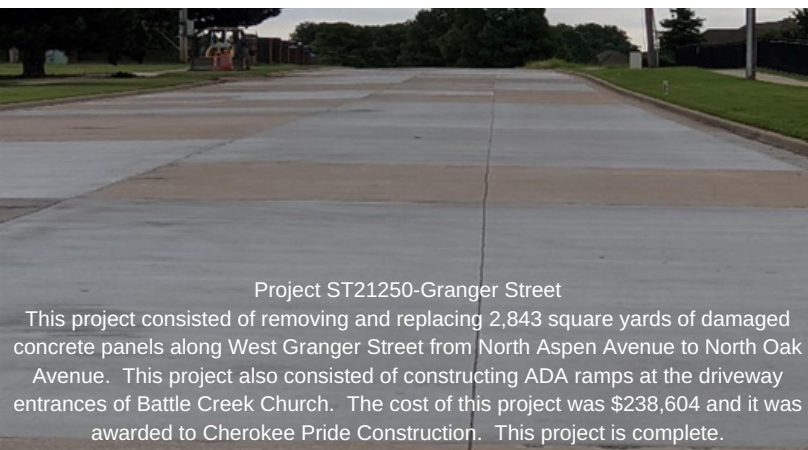

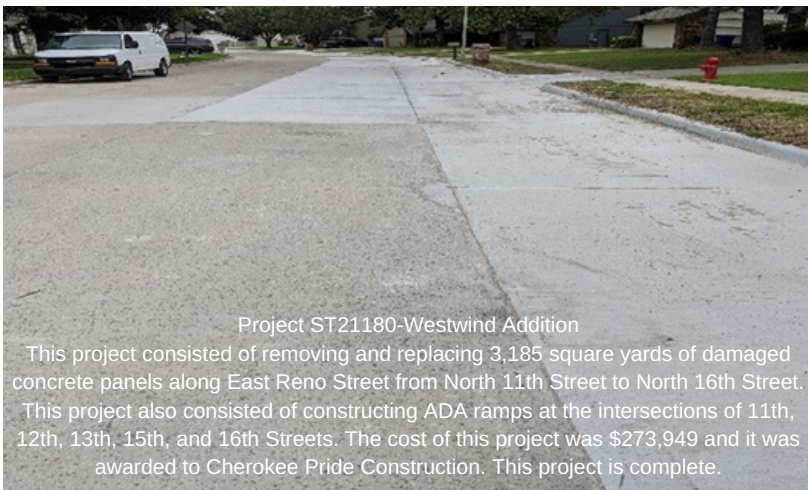

YOU CAN HELP! Remember, recycling is a practice. RecycleBA and your Solid Waste team ask that you help us get the word out! We are asking citizens to continue to use their blue cart the same as before. We will collect both and take it to the waste-to-energy facility. To continue to repurpose the material, the M.e.t. continues to take recyclables and is located at 302 N. Elm Place is open to the public M-S 9am to 5pm and Sunday from 1-5pm. If we keep the practice of recycling, we will be ready to get right back to business as soon as the facility comes back online.

STREETS & STORMWATER

Director: Rocky Henkel

Project Updates

Stormwater Maintenance

- Street Sweeping (miles) - 39
- Bar Ditch Repairs/Cleaning (LF) - 85
- Curb Poured (LF) - 210

ENGINEERING & CONSTRUCTION

Director: Ethan Edwards

Project Highlights

ST1928 – New Orleans & Elm Intersection Improvements

E & C Staff as well as Members of the Design Engineering firm Kimley-Horn presented design alternatives to Council for selection of a proposed intersection control at the New Orleans Square Intersection.

Projects to Advertise

- SW21020 & SW21070 Culvert Replacement & Erosion Control Improvements - July 2, 2021
- SW21100 Eagle Creek V Drainage Improvements – July 2, 2021
- 24-Inch Water Line for new 2.0-3.0 Elevated Water Storage Tank in South BA
- Lynn Lane Waste Water Treatment Plant (LLWWTP) Perimeter Fence Phase II
- TS21100 - State Highway 51 Lighting Upgrade – The project consists of replacing light fixtures on the Broken Arrow Expressway (SH51) from just west of Aspen Avenue to just east of 23rd Street
- ST21360 - Elgin Street Improvements From 1st Street to 5th Street - The project includes resurfacing Elgin Street with asphalt mill & overlay, as well as full depth patching as necessary. The project also includes construction of sidewalk and ADA curb ramps at intersections.

Projects Awarded

SW2008 Lions Avenue Drainage Improvements 6/7/21

SW21030 Stonewood Crossing Subdivision Improvements 6/7/21

Concrete Roadway Panel Replacement with Additional Miscellaneous Concrete Work #3

ST1913 – Carriage Crossing

ST2007 – Indian Springs Park 2nd Addition

War at Home Memorial – Phase 2

ST2001 – South Park Estates

City Hall Landscaping Project – Phase 1

Employee Highlights

- Amethyst Kelly, Stormwater Project Engineer, was appointed to the South Central Board for the International Erosion Control Association in May 2021.
- Travis Small, Transportation Discipline Manager, earned his D Operators Licenses for both Waterworks and Wastewater Works. Mr. Small also celebrated his third year with the City's E&C Department.
- Mason Kettler, Project Engineer, celebrated his one year anniversary with the City's E&C Department

Statistics

Total Active Engineering & Construction Projects:

Environmental: 45

Special Projects: 31

Storm Water: 25

Transportation: 70

Misc. In-house: 10

Active Public Construction Contracts: 36

Total Construction Cost: \$83,434,439.16

Active Privately Bonded Inspection Projects: 26

Total Bonded Value: \$11,647,476.36

Upcoming Events

- E&C (Stormwater) and Solid Waste & Recycling are teaming up to create a Facebook and Instagram account featuring Phil the Raccoon. The pages will be from Phil's perspective as a raccoon and will engage a younger demographic than our other pages typically target. There will be messaging about pollution avoidance, pet waste, trash and recycling; all with the desired outcome of keeping our waters and streets clean.
- October 23, 2021, the City is co-hosting a Trash Bash and Recycle Event. This event is coordinated with E & C and SW&R for public outreach and trash clean-up of local creeks.
- North Broken Arrow Transportation Projects Open House – An open house/public meeting is planned for the evening of July 13th (6pm-8pm) at Broken Arrow High School. The open house is for the public to discuss and learn about upcoming roadway improvements/projects in North Broken Arrow near the high school campus. The event will be co-hosted by the City of Broken Arrow and Tulsa County.
- SW BA Park – Citizen Advisory Committee Progress Meeting
- Planning Commission – Subcommittee meetings on Gateway Master Plan

UTILITIES

Director: Charles Vokes

AMR Installation: Mike Shumar and Jeremy Lucas

Drinking Water

- Water Produced – 310 MG
- Water Purchased – 0 MG
- New Taps and Meters – 50
- Water Line Repairs – 33
- Water Turn Offs – 222
- Water Turn Ons – 190
- AMR Installations – 591
- Leak Tests – 71
- Line Locates – 1,761
- Hydrants Maintenance – 156
- Valves Maintenance – 136
- System Water Quality Tests – 524
- Water Flushed for Quality – 5.6 MG

Water Line Replacements in Progress:

- Garnett water line – 1900'
- Ft. Worth – 110'
- Urbana – 400'
- 1st and College – 440'
- Kenosha & Birch – 210'
- 23rd & Sidney – 20'

Upcoming Projects

Water Line Replacements

- College St water line from Main to 7Th St - 2,270'
- Hickory, Canton & Ironwood water line project - 1,200'
