- 16** Broken Arrow Fire Department
- 17** Broken Arrow Police Department

WELCOME

Honorable Mayor and Councilmembers,

Great progress was made in August all around the city! The New Orleans Square intersection is coming along and on schedule; our staff made amazing strides in ensuring ambulance availability, and the newly formed Complete Streets and Streetscaping Committee was formed and met for the first time. Our Senior Services Advisory Committee has been making the rounds to other Senior Centers in our region and will be preparing the recommendation report over the next several weeks.

In August we also began discussing the 2022 State of the City Address, which will be held December 14th. I'd love for the governing body to be involved in the production(s) this year so please stay tuned for those details!

Coming up soon is the Annual OML Conference and Awards Banquet. This year as you know, the Mayor has been nominated for the Mayor of the Year Award and the Mission 22 Memorial project has been nominated for the Innovations Award! Soon after, our staff will be participating in United Way's Day of Caring on September 16 with projects at the Senior Center and Gatesway Foundation, and the ribbon cutting for the new Senior Center Annex will be held on October 4.

I hope you enjoy reading about the progress of each department in this month's report!

Respectfully,

Michael J. Szymon
City Manager

BAFD Smoke Detector PSA

The Communications Team assisted BAFD to produce a public service announcement centered around the importance of smoke detectors. The PSA is planned to be released to the public to tease the bi-annual BAFD Smoke Detector Blitz in October.

- Parks Maintenance Worker
- Refuse Collector

INFORMATION TECHNOLOGY

DIRECTOR: SCOTT CARR

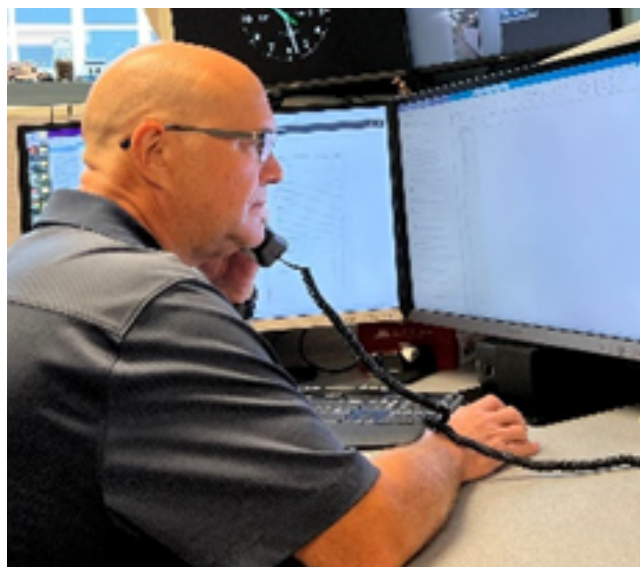

After nearly three years of hard work, the City of Broken Arrow is fully live on all five systems and modules from Tyler Technologies.

Key Projects

Traffic Signals Inventory – The GIS Division launched a new application for Traffic Control. This application enables the Traffic Control Field crews to survey their signals, and record detailed information about signals, signs, controllers and other equipment. This application will allow Traffic Control to be more efficient and access their inventory information quickly.

Tyler Munis and EnerGov – With Tyler EnerGov going live last month, the City of Broken Arrow has reached an incredible milestone that is the culmination of nearly three years of intense effort. The Munis projects (known as Phases 1 through 4) represented four distinct Munis modules (Financials, Utility Billing, Human Capital Management, and Enterprise Asset Management) that had to be implemented across every City department. Tyler EnerGov (known as Phase 5) is the system that powers the Community Development department. While there are some small efforts still in progress in post-live production, these major projects are now complete.

August's IT Employee Spotlight is on David Ruiz. Dave is responsible for working Help Desk tickets and is also the main person ordering new computers when purchased for the City. Dave joined IT on February 29, 2016 which, because it is a leap year, means he has only been with IT about a (leap) year and a half.

Public Safety ERP – With a go live date in September, the Public Safety ERP (Enterprise Resource Planning) systems implementation has kicked off training in August. This training will continue through September. In addition, IT is preparing police computers for the new Zuercher suite of applications.

SOLID WASTE & RECYCLING

Director: Jerry Schuber

390.97

Tons of Recycling Collected

2698.18

Tons of Waste and Green Waste Collected!

July

This year the department tried to beat the heat in a new way by notifying the customers we would be moving our hours to 6:00 AM to avoid the heat. This was the first time we tried the idea of changing hours. The public rallied around the staff with well wishes and thanks for a difficult job well done! The bonus to the early starts was the team was also able to miss the traffic and reduce overtime! Dispatching staff in the morning was also easier as the team was able to get out of the yard prior to the other departments making the bottleneck at the gates and fuel islands even more efficient. From the picture it is apparent our customers appreciate all the team does!

August

I am sure you have heard the expression there is no "I" in Team. There is however a "ME", granted it is out of order it is still there. Customers come first and it is up to all of us here at Solid Waste and Recycling to make sure they are served, even me. Let us face it, it is fun too! I saved my city hall selfie for the report! This month I decided to also share a few projects that we're working on! Many are in planning stages but exciting nonetheless!

A few other Projects we're working on:

- Mayors Award for Recycling (planning stages)
- Gold Lid Recycling (planning stages)
- Recycling in Schools (planning stages)
- Trash Bash/Recycling Rally (on-going)
- Paint Oklahoma Beautiful (In Progress)
- Green Waste Diversion (planning stages)
- Clean-A-Ward (planning stages)
- Branding Project (planning stages)
- Code Revisions (planning stages)

STREETS & STORMWATER

Director: Rocky Henkel

Project ST23130-East Omaha Street Resurfacing:

This project consisted of milling or removing 2" of existing asphalt roadway surface and paving 2" of new hot mix asphalt roadway surface. The budget amount for this project is \$140,400. The asphalt milling work was performed by A&A Construction and the new asphalt surface work was performed by the Streets and Stormwater Department. The completed work is from South 209th East Avenue to the Creek Turnpike. This project is complete.

Stormwater Maintenance

- Street Sweeping (miles) - 212
- Street Sweeping Special Requests - 23
- Concrete Curb (LF) - 121
- Concrete Street Panels (SF) - 6,574

Director: Ethan Edwards

CONSTRUCTION

Project Highlights

- Westwind Lift Station Conversion Virtual Pre-bid Meeting
- oWoodstock Sanitary Sewer Rehabilitation Virtual Pre-bid Meeting
- oSouth Park South Relief Line Review Meeting held with HUB
- oRMUA's Professional Consulting Services Selection Committee held virtually
- Site visit to The Reserve at Bradford Park for Sanitary Sewer Issues
- Pre-bid Site visit for The Westwind Lift Station Conversion
- Desktop pipeline assessment for the OOWA Tech Memo
- RMUA Asset Management Committee
- Bluff Landing Waterline Replacement meeting held with utilities
- Melinda Park Sanitary Sewer Replacement meeting held with Guernsey
- Review Meeting held on the LLWWTP Belt Filter Press Design with Carollo
- Scoping Meeting held on the Florence St Haikey Creek Water and Sewer Crossing Rehabilitation project with RJN Group
- RMUA Operation Committee held virtually
- New Orleans & Elm Intersection Improvements: ST1928 – Project is currently under construction and work has shifted to Phase II
- New Orleans Intersection Improvements is on track with the project now moved into Phase 2 & 2a

Projects Awarded

- Westwind Lift Station Conversion
- Woodstock Sanitary Sewer Rehabilitation
- LL34 Collection System Rehabilitation
- Covington Creek Manhole Repairs
- Haikey Creek Trunk Sewer Line Rehabilitation

Projects to Advertise

- Westwind Lift Station Conversion
- Aspen Ridge Stormwater Extension – This project extends the storm sewer from Norfolk Drive south along Aspen Avenue and turns east along the Creek Turnpike. The stormwater extension is required to facilitate development of the Aspen Ridge site.
- Aspen Ridge Earthwork Package – This project will provide for construction of the earthwork for a building pad located north of Norfolk Drive at the Aspen Ridge development site

Upcoming Events

- Emily Rowland and Brandy Parks to attend the 2022 Resource Management Conference
- Emily Rowland and Brandy Parks to attend the Oklahoma Municipal League Conference
- RMUA Operations Committee Meeting
- Alleyway Improvements from Ash to Main & Dallas to College: ST1945 – The project consists of mill and overlay pavement improvements. The project is advertised and is scheduled to be taken to the 9/20 City Council meeting for possible award
- New Orleans Street (101st St. So.) Improvements from 37th St. (209th E. Ave.) to 215th E. Ave.: ST21380 – The project consists of widening the existing two-lane roadway to three (or four) lanes from 209th E. Avenue. To 215th E. Avenue in front of the City of Broken Events Park. The project will begin construction in September 2022 following ScotFest

Substantial Completion Reached

- RMUA Operations Committee Meeting
- Houston & Wright Place Waterline Improvements

Employee Highlights

- Emily Rowland and Brandy Parks attended the Oklahoma Section 2022 ASCE Meeting held in Stillwater
- Environmental Division attended NE Branch APWA Meeting
- Environmental Division attended site visits to Norman WWTP with Jacobs Engineering for informational purposes on the HCWWTP Biosolids project

Issued Notice To Proceed

- Aspen Ridge Storm Sewer – Prop 6
- Lynn Lane WWTP Flow Equalization Basin Improvements
- Public Safety Training – Asphalt Preventative Maintenance
- Arrowhead Park Storm Improvements

UTILITIES

Director: Charles Vokes

Drinking Water

- Water Produced – 667.0 MG
- Water Produced Avg/d – 21.5 MGD

PARKS & RECREATION

Director: Matt Hendren

Featured Programs - August

Family Aquatic Center held its annual pooch plunge! The excited dogs enjoyed swimming and playing fetch. Events park held a fishing derby for kids. Door prizes from Falcon Rods, Southern Agricultural and Bass pro were given out during the event. The Optimist Club cooked and served hot dogs and chips. Nienhuis Park Community Center offered family activities during its See ya Summer Week. Activities included a Mario Cart Night, Dodgeball, Beginner Ukulele Class, Family Disc Golf Night and Nerf Warz. George Miksch Sutton Avian Research Center visited Ray Herral for an education program that combined science and environmental education in an interactive presentation complete with live animal guest.
