WELCOME

Honorable Mayor and Councilmembers,

Oh, how time flies! September was a special month for me as I had the privilege to celebrate my seventh year of service to the City of Broken Arrow. It's been humbling to look back and reflect on all of the amazing progress that has been made over the past seven years, and we certainly have no plans of slowing down! Here's a recap of the month.

We started September with a graduation ceremony for our eight newest Broken Arrow Police Department Officers. It's not an easy process to get through, but we are excited that these eight have chosen to honorably serve our citizens. Speaking of public safety, have you seen BAFD's shiny new ambulance? As you scroll through this report you'll get a preview, but it's something you should check out in person as soon as you get a chance. It's impressive!

The 2022-2023 Leadership Broken Arrow Program has begun and I'm extremely proud that this year Jennifer Rush, Grant Rissler, Jerry Schuber, Jody Baker, Bryan Myrick, and Ethan Hutchins (all pictured below) were selected to participate. It's bound to be an impactful experience for them.

This month we also started construction in front of Events Park, continued to make progress at New Orleans Square and attended the long-awaited Voyage Solar System Project ribbon cutting ceremony.

With fall fast approaching, my office has begun preparing the 2022 State of the City Address which will include all of our department directors and all of you as well. Stay tuned!

Thank you again for your past and future support. I love this city!

Respectfully,

Michael J. Szymon
City Manager

INFORMATION TECHNOLOGY

DIRECTOR: SCOTT CARR

Sergeant Keith Cook reviewing procedures within the new CAD system after go live.

Dustin Weber from IT along with CentralSquare personnel and members of the Police Dept work through go-live activities.

Key Projects

Public Safety Go Live – The Police, Fire, Dispatch and Courts systems all went live in September. This is the last and most complex implementation of the City’s ERP (Enterprise Resource Planning) systems which involved the majority of the capacity of the IT Department to accomplish. It is anticipated that there will be some weeks of work following as each area gets up to speed with their new system environments.

It takes a great deal of concerted effort to be able to successfully change systems, and congratulations should be given to Police, Fire, Dispatch, and the Courts for all of their hard work!

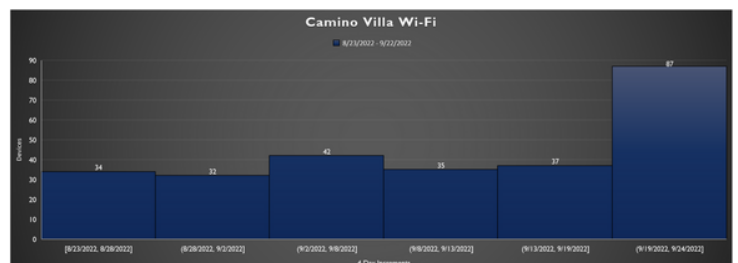

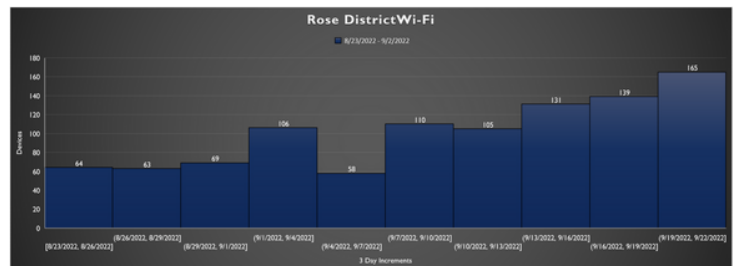

Free City WiFi Update

The Information Technology Department has been providing free City WiFi in a pilot programming for the general public within Broken Arrow. The initial launch has been running for over two years in the Rose District, helping improve the public’s experience while enjoying the downtown area. The second was launched within the Camino Villa area. This has been running just about a year, and its use has picked up with the new school year.

SOLID WASTE & RECYCLING

Director: Jerry Schuber

485
Tons of Recycling Collected

3,494
Tons of Waste and Green Waste Collected!

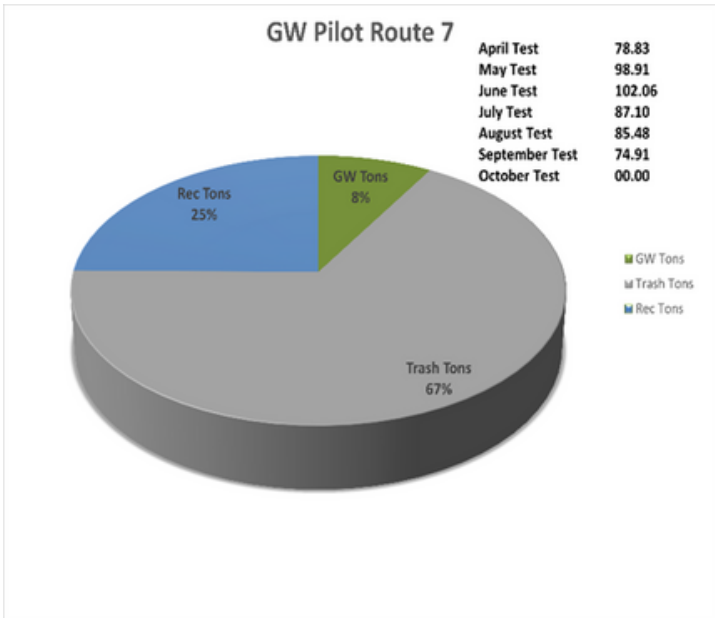

August

In an effort to practice what we preach, the department worked with Police and Fire to bring our programs to their offices. With the help of others (special shout out to Debbie Bell our recycling warrior for Fire!) we were able to deliver containers to every one of the stations and the PSC! With that project in the rearview we now have recycling at City Hall, HR, Ops, Stark, Fire and PD.

September

Off to a roaring start we have seen a marked improvement with the new start time. Our team has been able to show a reduction of 2 to 2 1/2 hours on average for route completion times. The ability to get in and out quickly has also allowed us to beat the heat, reduce traffic congestion around schools, and generally help other drivers be able to get to their destination without as much interference as a refuse vehicle can cause. With the help of our good friends at HR (Kristin Ross) we are 98% fully staffed and have even been given some really great new tools to document accidents and injuries (Kim Bailey, Dennis Jones) so we can focus our efforts on increased safety and reduced collisions!

We are also wrapping up our green waste pilot to get an idea of what we as a city are producing in the area of green waste. To the left you'll see what we have done so far with just ONE route!

STREETS & STORMWATER

Director: Rocky Henkel

The Streets and Stormwater team installed a new sidewalk at the new Senior Center Annex building this month!

Stormwater Maintenance

- Street Sweeping (miles) - 189
- Street Sweeping Special Requests - 26
- Concrete Curb (LF) - 82
- Concrete Street Panels (SF) - 2,711
- Concrete Sidewalk (SF) - 587
- Concrete Driveways - utility repairs (SF) - 1331
- Sod Laid (SF) - 20,103
- Sinkhole Repairs - 8
- Material hauled (tons) - 879

Street & Roadside Maintenance

- Pothole Patches (tons) - 47
- Total Potholes Patched - 491
- Streets Milled (SY) - 6,135
- Streets Paved (SY) - 9,695

Director: Ethan Edwards

CONSTRUCTION

Project Highlights

- OOWA Water Rights Meeting
- Oak Crest Addition Internal Scoping Meeting
- Wagoner County Trunk Line Improvements Progress Meeting
- AMI Conversion Coordination Meeting
- RMUA Operations Committee held virtually
- OWRB Projects Discussion held internally with the Finance Department
- Melinda Park Sewer Rehabilitation Project and Paving Project Coordination Meeting
- CIP Priority Discussion held with the Utilities Department
- The Reserve at Bradford Park Storm and Sewer Rehabilitation Discussion held internally
- Received Design Drawings for new Fleet Maintenance facility
- Received Preliminary Drawings for Pocket Park located at Dallas and Lynn Lane
- Received Preliminary Drawings for Gateway Signs and setup review meeting to discuss locations
- Held Review meetings for Design of Phase I for Elam Park
- Held Kickoff meeting and started inspections for Investment Grade Audit
- New Orleans Street (101st St. So.) Improvements from 37th St. (209th E. Ave.) to 215th E. Ave.: ST21380 – The project consists of widening the existing two-lane roadway to three (or four) lanes from 209th E. Avenue. To 215th E. Avenue in front of the City of Broken Events Park. The project began construction in September 2022 following ScotFest

Projects Awarded

- Villas on the Greens Lift Station Conversion
- Aspen Ridge Earthwork Package – This project will provide for construction of the earthwork for a building pad located north of Norfolk Drive at the Aspen Ridge development site. Project was opened and awarded by OakTrust Development, LLC with E&C staff assistance

Projects to Advertise

- Washington & Elm Signal Repair: TS23240 – This project includes repairs to the traffic signal & pole damage at Washington & Elm

Upcoming Events

- Environmental Division to attend the 2022 SWAWWA Annual Conference on October 2nd, 3rd, and 4th.
- Project Kickoff Meeting for the Haikey Creek Water and Sewer Crossing Rehabilitation Project with RJN
- Emily Rowland and Brandy Parks to attend the GRDA October Board Meeting
- RMUA Operations Committee Meeting scheduled
- Aspen Ridge Stormwater Extension: 2152260 – This project extends the storm sewer from Norfolk Drive south along Aspen Avenue and turns east along the Creek Turnpike and is required to facilitate development of the Aspen Ridge site. The project is advertised and is scheduled to be taken to a City Council/BAEDA meeting in November for possible award

The Lynn Lane Wastewater Treatment Plant UV Disinfection Project is under Construction!

Substantial Completion Reached

- Adams Creek Study Progress Meeting held
- Aspen Ridge Storm sewer
- Municipal Courtrooms Coatings
- State Hwy 51 Lighting Upgrades
- Battle Creek Tank In-Outlet Modifications & 12 in Waterline

Tom Tolbert passed the exam and is now an Environmental Protection Agency (EPA) Certified Erosion and Sediment Control Inspector! Congrats Tom!

Employee Highlights

- Environmental Division attended NE Branch APWA Meeting
- Emily Rowland and Brandy Parks attended the 2022 Resource Management Conference
- Environmental Division attended the Oklahoma Municipal League Conference

Issued Notice To Proceed

- South Olive Ave. & Creek TPK Traffic Signal Improvements
- Yuma Drive Saddleback Addition Repair and Stormwater Improvements
- Westwind Lift Station Conversion
- Broken Arrow Events Park Trail
- New Orleans St. Widening 209th to 215th
- Arrowhead Park Detention Pond Renovations
- Woodstock Sanitary Sewer Rehab

PARKS & RECREATION

Director: Matt Hendren

Featured Program- Monarch Butterfly Month at Ray Harral

September was Monarch Butterfly Month at Ray Harral. Monarchs pass through the area starting in September, on their way to their winter home in central Mexico. Ray Harral staff offered several education experiences to get to know our butterfly friends better. During the Nature Tots Craft, participants made a craft that represented each stage of a butterfly's life cycle and were treated to a few butterfly sightings during their walk. Our Monarch Migration event featured a trail-sized board game, a monarch tagging demo, and participants made seed balls to plant their own butterfly friendly garden at home.
