Speed limits reduced on three Broken Arrow roads

Broken Arrow, Okla. (10/18/2018) – The City of Broken Arrow has reduced the speed limit on three roads in the southern portion of the City. Each road has been reduced to a 40 miles per hour limit, down from the previous 50 miles per hour limit.

Effective immediately, the speed limit reductions affect:

- Jasper (131st) Street between Olive (129th) Avenue and Aspen (145th) Avenue,
- Tucson (121st) Street between Olive Avenue and Garnett Road, and
- Aspen Avenue between Jasper and Tucson Streets.

These streets kept the Tulsa County speed limit of 50 miles per hour when they were originally annexed into the City. However, the City Council and City staff have heard from residents who feel that speed limit will be too fast with residential and commercial development currently underway and planned for the near future.

As a result, City staff decided lowering the speed limit on these roads was a reasonable safety measure. The City's Streets Department has already started replacing speed limit signs and will have all new signs posted by the end of the week.

Construction cost about \$520,000, funded by the voter-approved 2014 General Obligation Bond.

The entrance to the playground is east of the main entrance to the park, near 215th East Avenue.
