Homeowners Workshop Offers Free Tips and Information
Free event scheduled for February 28th

Broken Arrow, Okla. (2/12/2015) – The 2015 Broken Arrow Homeowners Workshop will be held from 9:00 a.m. to 12:00 p.m. on Saturday, February 28th at Central on Main, 210 N. Main Street.

This annual workshop provides a great opportunity for HOA members, current homeowners and potential homeowners to get their property and neighborhood questions answered.

Each session will present experts within their field of expertise. These topics will be offered in four concurrent sessions. Participants can attend any session at any time. Session Topics Include: Legal and Operation issues for Home Owners Associations, Public Safety (Police and Fire Departments), Animal Control, Building Permits, Planning and Development, Code Enforcement, Neighborhood Beautification, Stormwater Management and Low Impact Development (LID) Certification for Neighborhoods, HOA Insurance, HOA Accounting and Tax Requirements and Recycling.

Light refreshments will be available. Attendees will also be eligible to win a weather radio and other door prizes. The event is free and open to the public.

To register for the event, visit www.BrokenArrowOK.gov/HOA.

WHAT: Broken Arrow Homeowners Workshop
WHEN: Saturday, February 28th from 9:00 a.m. to 12:00 p.m.
WHERE: Central on Main, 210 N. Main Street

Owasso proposes downtown development district

Related

By Michelle Linn

Owasso, Okla. — There's a new push to develop downtown Owasso.

FOX23 found out city leaders would like to see something more like The Rose District, in Broken Arrow.

"I love The Rose District. It's fantastic. They have done a wonderful job," said Kathy Miller.

Miller owns Fire in the Hole, on Main Street, in Owasso.

She opened her business almost four years ago, and says it has been an uphill battle.

When she started her hot sauce shop, she considered renting space near Owasso's popular Smith Farm Marketplace, about two miles north of downtown.

That's Owasso's hotspot for shoppers and diners, but Miller says rent was just too high.

Miller used to live in Broken Arrow, long before The Rose District was developed.

She remembers what it used to look like, before city leaders made the street more pedestrian friendly, by removing a lane and making the sidewalks wider.

Since The Rose District was finished, Broken Arrow leaders tell FOX23, the area is booming.

They have seen 20 new businesses move into the area within the last 18 months.

Now Owasso has similar plans for its downtown district.

"It would be fantastic, it really would," said Miller.

"It's definitely a process that can be emulated elsewhere," said Warren Unsicker, Vice President of Economic Development, Broken Arrow Economic Development Corporation.

Unsicker tells FOX23 Broken Arrow started planning The Rose District back in 2005.

Things really took off about four years ago, after city and community leaders took a trip and came together with a shared vision for what The Rose District could be.

FOX23 showed you the headaches during construction, in 2013.

Unsicker says the city did everything possible to minimize the impact on existing businesses in The Rose District.

FOX23 found Owasso's special development district proposal online.

It says the idea is to promote high quality development, enhance property values, and spur economic development, by creating a vibrant arts and entertainment district and a true main street environment.

Unsicker tells FOX23 the city of Owasso has reached out to Broken Arrow for guidance, as they work to achieve the same successful development downtown.

"We're happy to share the success story that is The Rose District," said Unsicker.

The city of Owasso will share its vision for the downtown district at a meeting two weeks from today, at the Owasso Community Center, 301 Birch Street, at 6:30PM on February 25.

Here's a link to the city's plans, including a map of the proposed downtown overlay district.

City of Broken Arrow

FEB 09 2015

City Manager's Office

Russell Gale
City Manager, City of Broken Arrow
220 S. First Street
Broken Arrow, OK 74012

Dear Russell,

I am writing to inform you of a customer equipment change that will affect someone in your community. Cox will soon be migrating select channels to a new technology platform called Switched Digital Video (SDV). SDV technology allows Cox to maximize its network capacity, enabling us to offer even more high-definition channels and entertainment options to our customers.

Similar to other advanced services we offer, such as On DEMAND and the Interactive Programming Guide that require two-way communication between devices to access the services, customers will need a device capable of two-way communication to access SDV channels. We will notify Cox customers who own at least one device that is only capable of one-way communication, commonly referred to as Digital Cable Ready (DCR) devices. If a customer owns a DCR device, they have a couple of options they may choose from that will allow them to continue to receive all of the channels they currently enjoy.

First, if a customer owns one of the devices listed below, Cox is able to provide them with a Tuning Adapter free of charge that will allow them to continue receiving all of their existing channels with their device. This adapter will make their device compatible with the SDV platform. Tuning Adapters are currently available for the following devices:

- Tivo (Series 3, Tivo HD and HD XL, Tivo Premiere, Premiere XL and Premier Elite)
- Moxi HD DVR
- Windows Media Center OCUR
- Ceton InfriniTV-4 and InfriniTV-6
- HD HomeRun Prime

Tuning Adapters are easy to install and self-installation kits and tuning adapters can be picked-up at a local Cox retail center. For the customer's convenience, we will include a list of Cox retail locations in the notification letter.

If the customer's DCR device is not listed above, it may not be compatible with the Tuning Adapter. As an alternative for continued access to the switched channels, Cox can offer these customers, for lease, a digital or high-definition receiver. These receivers enable access to the channels listed on the back of this page as well as other two-way services including On DEMAND and the Interactive Program Guide. Cox will offer either receiver for the same price as a CableCARD for 12 months at \$1.99 a month. Customers can refer to **special offer code CBLCARSDV.***

If a customer does not request a free Tuning Adapter, or lease a receiver, they will not be able to view the switched channels with their one-way DCR device on or after March 10, 2015. There are approximately 1,000 customers in the Cox coverage area surrounding Tulsa with CableCARD technology to which this letter refers.

If you have any questions, please feel free to contact me directly at (405) 286-5061 or robbie.squires@cox.com. If you receive calls or questions from any Cox customers, please refer them to call us at (918) 806-6000.

Thank you,

Robbie Squires
Manager, Government Affairs
Cox Communications

Beginning on or after March 10, 2015 the channels listed below will require either a two-way digital receiver or a device compatible with the Tuning Adapter for viewing. Customers may contact Cox at (918) 806-6000 for a discounted Cox receiver.

Subject: Daddy Daughter Dance Report

2015 Daddy Daughter Dance Report

- 751 tickets were sold to the 9th Annual Daddy Daughter Dance.
 - Nearly every ticket sold attended the dance.
- Dad's and daughters enjoyed cookies and drinks between cutting a rug on the dance floor and taking selfies. (Steven and Addison Pic)
- We had a great DJ this year. He played appropriate music and even got the dads to dance.
 - We will be inviting him back next year and possibly using him for other events.
- Over 200 pictures were taken and emailed free of charge to participants.
- Not even one complaint was voiced this year. Staff did a great job in all areas.
- This event has steadily grown each year it has been at Nienhuis Park Community Center.
- The first dance time sold out one week before event date and the second dance time only had 49 tickets left.
- Every little girl went home with a hot pink wooden rose and memories that we hope last a lifetime.
- The cost of the dance per person, not including cost of labor, was only \$1.86 .
- The total revenue off ticket sales after expenditures was \$2,357.53 .
- We hope to sell pictures next year for additional revenue.
- Please view the pictures attached.
